Canadian Journal of Surgery

Cover • Couverture

Transverse image (left) using CT through the L5 vertebra. A well defined "lucent" area with sclerotic rim is present in the left posterior vertebra extending into the pedicle. Some internal calcification is seen along the anteromedial margin. Sagittal reformat (right) shows a different perspective of same. CT-guided biopsy confirmed a diagnosis of osteoblastoma. Images courtesy of Dr. Tom Marotta, St. Michael's Hospital, Toronto, Ont.

Image transversale (gauche) de la vertèbre L5 obtenue par TDM. Une zone "transparente" bien définie à rebord sclérotique est présente à la partie postérieure gauche de la vertèbre et s'étend dans le pédicule. On constate un peu de calcification interne le long de la marge antéromédiale. Le format sagittal (droite) montre une perspective différente de la même image. Une biopsie guidée par TDM a confirmé un diagnostic d'ostéoblastome. Images gracieuseté du Dr Tom Marotta, Hôpital St. Michael's, Toronto (Ont.).

***CJS* Mission Statement:** To contribute to the effective continuing medical education of Canadian surgical specialists, using innovative techniques when feasible, and to provide surgeons with an effective vehicle for the dissemination of observations in the areas of clinical and basic science research.

***CJS* and the Internet:** Readers can find the *Canadian Journal of Surgery* online (at www.cma.ca/cjs). Detailed **Instructions for authors** can be found there (click on "About *CJS*") or on page 145 of the April 2006 issue.

Electronic submission of letters to the editor and responses to published letters are encouraged. To correspond by **email**, click on "Send Comments" on the *CJS* home page or send an email message to the attention of the *CJS* editors at pubs@cma.ca

Mandat du *JCC* : Contribuer à dispenser une éducation médicale continue efficace aux spécialistes en chirurgie au Canada, autant que possible à l'aide de techniques de pointe, et fournir aux chirurgiens un mécanisme efficace pour diffuser les constatations de la recherche clinique et fondamentale.

Le *JCC* et l'Internet : Les lecteurs trouveront en direct le *Journal canadien de chirurgie* (à l'adresse www.cma.ca/cjs-f). Pour les **Directives aux auteurs**, on la trouvera des instructions détaillés à «sur *JCC*» ou dans le numéro de juin 2005, à la page 257.

Nous favorisons **l'envoi électronique de lettres** à la rédaction et de réponses aux lettres publiées. Pour correspondre par **courriel**, cliquer sur «Commentaires» dans la page d'accueil ou envoyer un courriel à l'attention de la rédaction du *JCC*, à l'adresse pubs@cma.ca
