Canadian Journal of Surgery

We believe in open access to research

To ensure continued worldwide free access to all *CJS* content, articles submitted for publication as of Jan. 1, 2014, are subject to a submission fee of \$100 (Canadian funds). Submission fees will be waived for corresponding authors affiliated with *CJS* sponsors. Accepted Research, Review and Continuing Medical Education

articles are subject to a publication fee of \$700, and Commentaries and Discussions are subject to a publication fee of \$500, payable on acceptance in Canadian funds.

Benefits of open access

- For researchers and institutions: increased visibility, usage and impact for their work
- For government: a better return on investment for funding research
- For society: efficient, effective patient care resulting in better outcomes

CJS articles are available free of charge on the journal website (canjsurg.ca) and in PubMed Central.
